Pakkam: ideas to stand out

Ideas discussed for making Pakkam different from general assistants. Pick the numbers to build.

#	Idea	What it is
1	**Page-cited, refuses when unsure**	Answers only from official PDFs, shows the page, and says "I don't know" otherwise
2	**WhatsApp rumour checker**	Paste or speak a forward; each claim marked true or false with its G.O. page; share the correction
3	**"Verified by a person" badge**	Every fact shows who checked it and when
4	**Phone line (IVR)**	Call a number, ask in Tamil, hear the answer
5	**Show the officer**	Full-screen G.O. page with the line highlighted, to show at the counter
6	**Tell me your situation**	Say your life situation and get all eligible schemes with a yearly ₹ total
7	**Scam shield**	Warns when a question mentions OTPs, fees or links
8	**Visit checklist**	What to carry to e-Sevai, to avoid repeat trips
9	**Helper mode**	Loudspeaker and queue for anganwadi and self-help-group volunteers
10	**"ChatGPT can't read the PDFs" proof**	Old Tamil fonts come out as gibberish, and OCR turned ₹2.5 lakh into ₹25 lakh; we fixed and verified it
11	**Reach, remember, report**	Phone access, plus reminder calls before deadlines, plus a department dashboard
12	**Rumour broadcast**	The department sends an official Tamil voice correction to everyone who asked about a rumour
13	**Counter mode**	Pakkam listens to the officer and checks their claim against the G.O. live
14	**Family member's voice**	Answers in a granddaughter's cloned voice, with consent
15	**Rejection to appeal**	Explain a rejection by voice and get the clause plus a ready appeal note
16	**Verified-facts plug-in**	ChatGPT or any Gnani voice bot calls Pakkam for checked facts
17	**Kaattu ("show it")**	Every answer ends with the page image, who checked it, a next-step checklist and a repeat-back

#	Idea	What it is
18	**Verifiable answer receipt**	Receipt number and QR; anyone scans to see the answer, its page, and whether it's "still valid" or the "rule changed"
19	**e-Sevai operator desk**	Pakkam as the help-desk tool for operators, piloted in one district
